

Privacy Policy

iMobility is committed to the privacy of our users.

This privacy policy applies only to the websites and applications controlled by iMobility PTY LTD. and/or

its subsidiary and affiliated entities ("iMobility," "we," "our" or "us") where this privacy policy is posted (collectively, the "Sites"), including imgroup.co.za, and (collectively "iMobility Sites"). This privacy policy does not pertain to information that is collected offline. BY USING OUR SITES, YOU CONSENT TO THE TERMS AND CONDITIONS OF THIS PRIVACY POLICY AND TO OUR PROCESSING OF PERSONAL INFORMATION FOR THE PURPOSES STATED BELOW. IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS OF THIS PRIVACY POLICY, PLEASE DO NOT USE OUR SITES.

A. Information Collected

Your privacy is important to us and we provide this notice explaining our online information practices and the choices you can make about the collection and use of the personal information you submit on our Sites. We collect two types of information from visitors to our Sites: (1) Personally Identifiable Information and (2) Non-Personally Identifiable Information, such as your IP address or cookies.

(1) Personally Identifiable Information

"Personally Identifiable Information" is information that identifies you personally, such as your name, address, telephone number, email address, or company name. iMobility collects and stores the personally identifiable information that you have provided to us. Here are some examples of manners in which we may collect personally identifiable information on our Sites:

- We may collect your name, address, e-mail address, cell phone number and MSISDN (mobile station integrated services digital network number) to provide you with our services and to set up your account
- We may collect your name and email address if you sign up to receive a newsletter

- We may collect your name, address, credit card and billing information if you purchase products or services from us
- We may collect your company name, annual revenues, number of employees, or industry when you register your business to receive our products or services
- We may collect information from your contact lists in order to identify recipients of your messages, however, you will retain ownership of such information
- We may collect your download history, texts, messages, customer generated content and/or information about your interests in and use of various products, programs, and services to better tailor our services to you

The above list provides an example of the personally identifiable information that may be collected on our Sites. We will not collect any personally identifiable information about you unless you provide it to us voluntarily. If you do not want iMobility to have access to your personally identifiable information, please do not provide it to us.

(2) Non-Personally Identifiable Information

"Non-Personally Identifiable Information" can be technical information or it can be demographic information, such as your age, gender, or interests. Non-personally identifiable information does NOT identify you personally. Here are some examples of the non-personally identifiable information that is collected via our Sites and a description of how this information is used:

Cookies

To enhance your experience with the Sites, we use "cookies" on our Sites. Cookies are alphanumeric identifiers that we transfer to your computer's hard drive through your browser to enable our systems to recognize your browser and to provide features. Cookies, by themselves, do not tell us your e-mail address or other personally identifiable information unless you choose to provide this information to us by, for example, registering at our Sites. However, once you become a customer and furnish the Sites with personally identifiable information, this information may be linked to the data stored in the cookie. We use cookies to understand site usage and to improve the content and offerings on our Sites. For example, we may use cookies to personalize your experience at our Sites (e.g., to recognize you when you return to the Sites). Please note that there are two types of cookies: session-based and persistent-based. Session cookies exist only during one session. They disappear from your computer when you close your browser software or turn off your computer. Persistent cookies remain on your computer after you close

your browser or turn off your computer. If you have chosen to identify yourself to iMobility, we use session cookies containing encrypted information to allow us to uniquely identify you. Each time you log into the Sites, a session cookie containing an encrypted, unique identifier that is tied to your account is placed on your browser. These session cookies allow us to uniquely identify you when you are logged into the Sites and to process your online transactions and requests.

Session cookies are required to use our services. iMobility also uses persistent cookies that only we can read and use to identify browsers that have previously visited our Sites. When you purchase our services or provide us with personal information, a unique identifier is assigned to you. This unique identifier is associated with a persistent cookie that we place on your web browser. We are especially careful about the security and confidentiality of the information stored in persistent cookies. For example, we do not store account numbers or passwords in persistent cookies. If you disable your web browser's ability to accept cookies, you will be able to navigate the Sites, but you will not be able to successfully use some of our services. With most Internet browsers, you can erase cookies from your computer hard drive, block all cookies, or receive a warning before a cookie is stored. Please consult the "Help" section of your browser for more information. However, certain areas of the Sites can be accessed only in conjunction with cookies or similar devices and you should be aware that disabling cookies or similar devices might prevent you from accessing some of our content.

Internet Protocol (IP) Address

Your IP address is a number that lets computers attached to the Internet know where to send you data—such as the webpages you view. We use this information to deliver our webpages to you upon request, to tailor our Sites to the interests of our users and to measure traffic within our Sites. Your IP address may also be used for identification and security purposes.

Information Collected Automatically

iMobility may also (i) automatically collect non-personally identifiable information about your use of the Sites, such as the domain from which you access the Internet, the date and time you access the Sites, and the Internet address of the website from which you linked directly to our Sites; and (ii) use data capture and analysis tools, and other similar tools, to extract, compile and analyze any non-personally identifiable data or information resulting from your use of the Sites and the services offered thereon (collectively "Blind Data"). To the extent that any Blind Data is collected by iMobility, such Blind Data shall be solely owned by iMobility and may be used by iMobility for

any lawful business purpose, including, without limitation, analyzing and enhancing the Sites and services offered hereby, disclosing such Blind Data to third parties for a variety of purposes, including online behavioral advertising. For example, third party vendors, including Google, show our ads on sites on the Internet.

C. Sharing And Disclosure Of Information

(1) Personally Identifiable Information

We may share or disclose your personally identifiable information in the following instances:

- To fulfil a service to you. We may share the personally identifiable information you provide with your cell phone service provider or their partner and subcontractor companies. Additionally, if you email us a question, we may use your email address to process your request and respond to your question. Also, if you are entering a sweepstakes or contest, we may use your personally identifiable information in order to fulfill the terms of that promotion. This means that we may share the information for prize fulfillment purposes or with mail carriers. We also may share your information with the co-sponsor of that promotion.
- Testimonials. We post customer testimonials on our website which may contain personally identifiable information. We do obtain the customer's consent via email prior to posting a name along with a testimonial. If you wish to request to have your testimonial removed you may contact us.

If you do not want us to share your personally identifiable information in this manner, please do not provide us with this information.

For example, we use an email service provider to send out emails on our behalf. We also use Live Chat to assist you if you have questions while using our site or regarding our

service. When you sign up for our services, we will share your personally identifiable information as necessary for the third party to provide that service. We seek to ensure that these unaffiliated third parties will not use the personally identifiable information for any other purpose than to provide the administrative services for which they are responsible. Because such unaffiliated third-party service providers that help us administer our Sites will have access to users' personally identifiable information, if you do not wish for our unaffiliated third-party service providers to have access to your information, please do not register or submit any personally identifiable information to us.

- To complete your purchase. If you choose to make a purchase on the Sites, we may collect from you your credit card number, billing address and other information related to such purchase, and we may use such collected information in order to fulfill your purchase. We may also provide such information, or other personally identifiable information provided by you, to unaffiliated third parties as necessary to complete your purchase (for example, to process your credit card).
- We may disclose information about our users, including personally identifiable information; (i) when requested by governmental or quasi-governmental authorities conducting an investigation; (ii) if required to do so by subpoena, court order or legal process; (iii) to verify or enforce compliance with the policies governing our Sites and applicable laws; or (iv) to protect against misuse or unauthorized use of our Sites. We also may disclose user information whenever we believe disclosure is necessary to limit our legal liability; to protect or defend our rights or property; or protect the safety, rights, or property of our users.
- We may sell, transfer, or otherwise disclose user information, including personally identifiable information, to a successor entity in connection with a corporate merger, consolidation, the sale of substantially all assets, or other corporate change respecting iMobility, the Sites and/or the services offered hereby.
- To track and analyze non-identifying and aggregate usage and volume statistical information from our visitors and customers and provide such information to third parties.
- To protect against potential fraud, we may verify with third parties the information collected from these Sites. In the course of such verification, we may receive personally

identifiable information about you from such services. In particular, if you use a credit card or debit card to purchase services with us, we may use card authorization and fraud screening services to verify that your card information and address matches the information that you supplied to us, and that the card has not been reported as lost or stolen.

Please know that you will retain ownership of any information that you may include in your account and contact lists and iMobility will not use contact lists for its own promotional campaigns or sell contact lists to third-parties, subject at all times to iMobility's need to access and use such information in order to provide the services pursuant to its Terms of Use and this privacy policy.

Except as stated in this privacy policy, or as otherwise stated at the time personally identifiable information is gathered, iMobility will not provide personally identifiable information to third parties who are not under the direction and control of iMobility.

We may call you or send text messages to provide you with reminders in accordance with our service to you. You can opt-out of some but not all of these communications, however, they will be primarily informational in nature rather than promotional. However, we provide you the opportunity to exercise an opt-out choice if you do not want to receive other types of communication from us, such as emails or updates from us regarding new services and products or if you do not want us

to share your personally identifiable information with third parties. The opt-out choice may be exercised by ticking or un-ticking the appropriate box if such checkbox is available at the points where personally identifiable information is collected or by contacting us. For text message communications, you can opt-out by replying "STOP" to the message that you receive. PLEASE BE EXTREMELY CAREFUL WHEN DISCLOSING ANY INFORMATION IN FORUMS AND OTHER PUBLIC POSTING AREAS. WE ARE NOT RESPONSIBLE FOR THE USE BY OTHERS OF THE INFORMATION THAT YOU

This statement applies solely to information collected on the Sites. The Sites may contain links to third party websites, whose information practices may be different than iMobility's. Visitors should consult such third-party sites' privacy notices as iMobility does not have any control over information that is submitted to, or collected by, these third parties. iMobility does not make any representations or warranties as to the security of any information (including, without limitation, credit card and other personal information) you might be requested to give any third party. These links are provided solely as a convenience to you and not as an endorsement by iMobility of the contents on such third-party websites. iMobility cannot ensure that you will be satisfied with any products or services that you purchase from a third-party site that links to or from the Sites, since these sites are owned and operated by independent retailers. iMobility is not responsible for the content of linked third-party sites and does not make any representations regarding the content or accuracy of materials on such third-party sites. iMobility has not taken any steps to confirm the accuracy or reliability of any of the information contained in such third-party sites. If you decide to access linked third-party sites, you do so at your own risk. iMobility strongly encourages you to make whatever investigation you feel necessary or appropriate before proceeding with any online or off-line transaction with any of these third parties.

We may use advertisers, third party ad networks, and other advertising companies, to serve advertisements on the Sites or for the Sites. Please be advised that such advertising companies may gather information about your visit to the Sites or other sites (such as through cookies, web beacons and other technologies) to enable such advertising companies to market products or services to you, to monitor which ads have been served to your browser and which webpages you were viewing when such ads were delivered. For example, third-party vendors, including Google, use cookies to serve ads based on a user's prior visits to our website. Users may opt-out of Google's use of cookies by visiting the Google advertising opt-out page. Please note, however,

that the use of cookies by our partners, affiliates, and service providers is not covered by our privacy statement. We do/do not have access or control over these cookies. Our partners, affiliates, and service providers use session ID cookies to allow us to improve site navigation and usage. The importance of security for all personally identifiable information associated with visitors to the Sites—as well as iMobility customer information, such as cell phone numbers, texts, messages, credit card information, and addresses, and other account data—is of utmost concern to iMobility, and we have implemented, and periodically review, certain physical, electronic, and managerial procedures to help prevent unauthorized access and maintain data security. Your payment and personal information is always safe. Our Secure Sockets Layer (SSL) software is the industry standard and among the best software available today for secure commerce transactions. It encrypts all of your personal information, including credit card number, name, and address. Unfortunately, due to the open nature of Internet communications, no data transmission over the Internet can be guaranteed to be secure, and thus we cannot guarantee that communications between you and iMobility will be free from unauthorized access by third parties. Visitors of the Sites and iMobility customers use the Sites at their own risk.

Your continued access to the Sites following the posting of changes to this Privacy Policy shall be deemed an acceptance of such changes by you. iMobility will, however, use personally identifiable information only in accordance with the version of the Privacy Policy under which the information was collected.

N. Changes in This Privacy Policy

We may update this privacy statement to reflect changes to our information practices. If we make any material changes we will notify you by email (sent to the email address specified in your

account) or by means of a notice on this Site prior to the change becoming effective. We encourage you to periodically review this page for the latest information on our privacy practices.
